

Fall Tomato Varieties

-Smaller

Apero: High-yielding cross between a grape and cherry produces oval fruits with very sweet, rich flavor.

Atomic Grape: Lavender and purple stripes, turning to technicolor olive-green, red, and brown/blue stripes when fully ripe. Elongated, Grape to plum size.

BHN 968: Semi determinate, red cherry sized tomato. Excellent flavor and Nematode resistance. Compact plants with broad disease resistance produce shiny red cherry tomatoes.

Black Cherry: Favorite rich-flavored cherry variety. Deep red, purple dark tones, yields high quantity.

Chadwick Cherry: Popular red sweet cherry variety. Sets fruit in clusters.

Everglades Cherry: Year-round Florida favorite, little sweet cherry type. Ground spreading, branchy highly adapted to our climate.

Gold Nugget: Determinate, compact plants with deep yellow cherry tomatoes. Well-balanced flavor.

Purple Bumblebee: Little sweet cherries with lime-green and bronzy purple striping. Heat tolerant.

Sakura: Compact sweet red cherry tomatoes. More disease resistant.

Sungold: Another favorite, high yielding, sweet, bright tangerine-orange cherry tomatoes.

Supersweet100: Classic sweet red cherry tomato. Productive, bears large clusters.

Violet Jasper: Small-medium, purple with iridescent green streaks. Chinese, prolific.

-Larger

Berkeley Tie Dye: Green with red and yellow stripes, large-fruited slicing variety. Spicy, sweet and tart flavor.

Betalux: Determinate, oblate shaped fruit that is great for canning, sauces or paste.

Black Beauty: World's darkest tomato! Blue-black skin with a deep red meaty flesh. One of the best tasting tomatoes, rich, smooth and savory with earthy tones.

Dark Galaxy: Galactic beauty with red and orange stripes covered in random speckles, and layered by deep blue. Taste is tangy and sweet, juicy and refreshing.

Green Zebra: deep lime-green striped medium/large sized. Flesh is bright green and very rich tasting, sweet with a sharp bite to it.

Juliet: Roma, large cluster fruiting type. Salad, salsa and sauce qualities.

Lucid Gem: Incredibly sweet and juicy, marbled yellow-red, slicing tomato.

Nineveh: Semi-determinate. Medium sized, acidic red cooking tomato from Iraq.

Peron: Compact semi-determinate, red canning and slicing tomato.

Purple Cherokee: Large dark purple heirloom. Superb, sweet old time tomato flavor.

Purple Russian: Deep dark red, elongated oval shaped snacking or salad topping tomato.

Roma: Determinate. A quality paste red tomato variety with very thick flesh.

Royal Chico: Determinate, crack resistant, cherry/plum type. Excellent sauce and drying qualities.

San Marzano: A heavy producing Italian favorite. Red long, cylindrical fruit is filled with thick, dry flesh and few seeds.

Tropic: Large red market variety. Disease resistant and great for hot and humid environments.
